GIVE YOUR POOL A FRESH NEW BOOST!

**THE BRUSH BOOSTER TAKES YOU OFF THE DECK AND INTO THE WATER
FASTER THAN EVER!**

Scottsdale, AZ. (2008) – Get rid of those pool cleaning blues with the AquaQuick™ Brush Booster™ from GAME™. Now you can beat the heat and take care of your pool easier than ever before. Innovative and original, the Brush Booster will help you save time and energy.

Forget the back aches and get ready to take the plunge! Easy-to-use, the Brush Booster attaches to any pole brush to make scrubbing your pool a breeze. The Brush Booster's yellow triangular design adds an extra downward force to your regular maintenance tool. The technology allows the cleaning brush to cling securely against the wall and eliminate 'skipping' down the side. All you need is a secure one handed grip and the Brush Booster from GAME will do the rest.

The struggle to scrub no longer exists as those hard to reach spots vanish in an instant. The Brush Booster does not require batteries or electrical power. Simply snap the device on and off effortlessly and feel the added pull immediately as you place it in to the water.

The Brush Booster is sold individually and available this summer nationwide for an approximate retail price of \$14.99

GAME (Great American Merchandise & Events) is recognized worldwide for its extensive line of pool and spa accessories including the popular Underwater Light Show™, as well as Derby Duck ® and Turbo Turtle ® fundraising events that have generated millions of fundraising dollars for charities across the globe.
